# **SCHOOL PHILOSOPHY AND OBJECTIVES**

## **SCHOOL MISSION**

The mission of LWIS-City International School is to create a nurturing environment where students, faculty, and families work together to develop academic excellence, ethical behavior, and personal responsibility.

Guided by our values, Respect, Responsibility, and Relationship, and by the promotion of lifelong learning, LWIS-City International School will honor the special gifts in every child and support all learners.

Within the safe and flexible learning environment, our mission culminates in guiding children toward achieving their maximum potential and becoming meaningful contributors to an ever-diverse international society.

To achieve this, we offer a diverse and challenging curriculum with multi-level standards and a wide variety of choices, delivered by a qualified and experienced staff that leads by example.

## **SCHOOL VISION**

The vision of LWIS-City International School is to cater to all learners regardless of their social, ethnic, or academic backgrounds or abilities.

Our goal is to motivate students to become independent, analytical thinkers, problem solvers, inquirers, responsible, ethical adults, good communicators, reflective and technologically able researchers.

We also aim for our graduates to be self-confident, tolerant, and productive members of society.

## **MOTTO**

***WHERE EVERY CHILD IS A CORNERSTONE OF OUR SCHOOL.***

## **SCHOOL BELIEFS**

- Each student is a valued individual with unique physical, social, emotional, and intellectual needs.
- Each individual is worthy of praise, encouragement, respect, and the opportunity to be challenged to full potential.
- Since all students can learn in a safe and nurturing environment conducive to learning, the school setting should be child centered.
- Curriculum and instructional practices should incorporate and implement a variety of instructional levels, settings, multiple intelligence theories, and learning activities to accommodate differences in learning styles for both regular and special education students.
- The values of human diversity and cultural heritage in the global world must be fully appreciated.
- Developing good character is essential for building citizenship, responsibility, positive relationships, and respect for one's self and others.
- Students must be prepared for future endeavors through the proper use of technology and appropriate research tools.
- The staff's commitment to professional growth facilitates meeting the needs of our students.

## OBJECTIVES

### 1. Holistic Approach

- Provide a convenient and healthy environment to achieve academic success.
- Provide a supportive environment that helps develop the emotional aspect in a child.
- Develop social skills that enhance democratic, confident, and respectable attitudes in the community.
- Respect each other's diversity in a multicultural environment.
- Ensure the development of human values in our students.

### 2. Curriculum Delivery

- Provide a flexible program that caters to all students according to their level and ability.
- Offer an academic curriculum that fulfills both Lebanese and American programs.
- Encourage environmental awareness to preserve our natural and physical resources.
- Ensure the acquisition of various skills in order to sustain survival and development in the 21<sup>st</sup> Century.
- Provide a career guidance program that facilitates students' choices of professions.
- Update textbooks and resource materials continuously.
- Promote critical and analytical thinking throughout the curriculum.
- Promote inquiry and reflective thinking throughout the curriculum.

### 3. Child-Centered School

- Ensure that students are actively involved in the learning process.
- Offer English as a Second Language (ESL) for non- English speakers.
- Provide in and out of class special need programs for students with learning difficulties.
- Provide support lessons for students with gaps in education.
- Provide extra and challenging material for gifted students.
- Involve students in publishing their news and events.
- Include students while implementing and reviewing school policy.
- Encourage students to achieve their maximum potential by providing them with an appropriately challenging curriculum.

### 4. School Improvement

- School Community
  - Seek and maintain high academic standards.
  - Revise, continuously, the curriculum and policy to provide the maximum chance for student learning.
  - Involve teaching and support staff in training and development programs.
  - Strive to provide optimal work conditions for personnel.
  - Foster communication with parent(s)/guardian and staff.
  - Encourage parent(s)/guardian involvement in school life.
- School Properties and Finances
  - Plan to continuously make the school property safe, healthy, and appropriate for optimal curriculum delivery.
  - Plan and control the budget for optimal use for the school.

## LEARNING DEFINITION AND OBJECTIVES

Learning is a lifelong process of understanding concepts, acquiring knowledge and transdisciplinary skills, and transforming them into a lasting impact on the learner's behavior and attitude.

We aim for our learner to be ethical, moral, analytical and logical thinker, problem finder and solver, internationally-minded, empathetic, inquirer and independent self-learner.

Learning is delivered in a safe, supportive, respectful, challenging and rewarding environment of equal opportunities through experimenting, investigating, collaborating, reflecting, sharing, experiencing and training.

The effect of learning is measured by a variety of formative and summative assessments, using qualitative and quantitative criteria.

## WELCOME TO LWIS- CITY INTERNATIONAL SCHOOL

LWIS-City International School welcomes all parents/guardians at our Pre-school Department. We are looking forward to working with you hand in hand, to ensure a successful and enjoyable school year for your child/ward. Backed by a fabulous team of staff, we are able to offer your children/wards an innovative program where we encourage the development of your children's/wards' self-esteem, nurture their confidence in themselves and their own abilities, and sustain the independence that will build the foundation for the rest of their life journey.

An enrichment program, added to its engaging activities, is thoroughly tailored to the particular needs and interests of all learners, in a respectful differentiated approach.

The purpose of this document is to inform you about school procedures that have been established to create a well organized learning environment for our young learners.

## PRESCHOOL TIPS

### **Preparing Your Child/Ward for School**

All children are different and unique; some are naturally much more independent than others. Helping your child/ward to be as independent as possible before he/she goes to school *is* important. Independence develops confidence, and a child who is independent and confident will deal with school life better than a child who has to depend on someone else for his/her everyday need.

Here are some tips you can use before your child/ward begins school. Some of them might seem very simple, but being able to do the simple things will give your child/ward some of the confidence he/she needs.

- Make sure that your child/ward can dress himself/herself on his/her own. Expect him/her to do it regularly from an early age. Make it easy; avoid fancy buckles, belts, laces, etc... Velcro fastening shoes and elasticized trousers and skirts make life much easier.
- Make sure that everything is labeled clearly so that your child/ward can recognize it. Name tags written in easily legible script are advised. This will help your child/ward recognize his/her own name, and belongings.
- Make sure that your child/ward can ask to go to the bathroom, and is able to express his needs.
- Make sure that your child/ward can use the bathroom correctly and wash and dry his/her own hands.
- Encourage and explain "sharing" and "taking turns."
- Encourage your child/ward to tidy up after himself/herself.
- Encourage your child/ward to respect and care for books.
- Encourage your child/ward to respect the property of others.
- Acknowledge appropriate behavior through reasonable clear consequences.

**EDUCATING THE MIND WITHOUT EDUCATING THE HEART IS NO EDUCATION AT ALL**

**- ARISTOTLE**

### **Helping the Child Learn**

Play is an essential tool for learning and children learn best through playful, engaging, interactive, inquisitive experiences.

Many of the activities below can be learned both at home and at the playgroup/nursery. This will ensure the acquisition of social skills, sharing, and teamwork, playing together, cooperating, making friends and building character.

A socially withdrawn child who finds it difficult to share and make friends is often an unhappy child. However, here are some things you can do, to foster your child early years.

- Describe everyday objects and state events as they occur. Talk about things as much as you can.

- Listen to what your child/ward has to say and respond to it.
- Keep clear expectations.
- Show your child/ward that you are listening by sometimes stopping what you are doing. The fact that an adult will care and listen to what a child has to say builds up his/her confidence and self-esteem.
- Encourage your child/ward to listen to you, keep eye contact.
- Stress on a greener Community and Go Green.
- Give your child/ward lots of chances to use scrap paper, crayons, pencils and paint. It is the most important way by which children develop the skills of writing. It may look like scribble to us, but it is your child as an emergent writer. Encourage a correct pencil grip, regardless of whether he/she is left-handed or right-handed.
- Buy some blunt-ended scissors and let your child/ward cut up strips of paper and material to help with eye/hand coordination.
- Snuggle up together with your child/ward with a picture or storybook. Read together daily.
- Do as much counting as you can. There are masses of opportunities at home to help your child/ward get used to numbers. Count the stairs on the way to bed, count out ingredients going into your cooking, count the flowers in a vase, and count the cans on a shelf at the supermarket.
- Take time to express ideas and be creative. Don't be reluctant at getting messy.
- Promote inquisitive activities together to discover the world.
- Engage through open-ended questions and reflect upon.

### **Celebrate Learning with Student-Led Portfolios**

Student-Led Conferences are conducted by our young learners in the presence of their parents. Every learner will be presenting his/her learning through his/her own personal portfolio, reflecting and building upon his progress, discussing and receiving multiple feedbacks, and sharing learning impacts. Student-Led Conferences offer an extremely valuable opportunity for learners to share their knowledge and acknowledge their strengths as well as face their challenges and grow through it all. Children will be engaged in understanding and taking ownership of their own learning, reaching their own targets, and taking pride in their achievements.

### **The Very First Day**

No matter how much you help your child/ward, he/she is likely to be very excited and perhaps a little apprehensive on the first day of school. You might even feel the same way.

### **The following would make your child's/ward's life easier:**

- Stay calm! Do whatever you have to do, but try to stay as calm as you can.
- Get up early to ensure there is no rush or panic to get to school on time.
- Do not force your child/ward to have breakfast if he/she is too excited to eat; he/she will only feel ill or be sick.
- Talk about the day as positively as you can but be sympathetic to the kinds of emotions your child/ward might be feeling. Respect his fears or jitter and comfort him.
- Try to arrive with just enough time to get the feel of things without having to wait around too long. Do not arrive late avoid any pressures.
- Give your child/ward a hug and a kiss a little before school starts. Avoid giving him/her a goodbye cuddle at the very last second.
- Help him feel confident that he/she will have a wonderful safe day.
- Go home and have a very pleasant day. Trust that your child/ward will be having a happy time – he/she usually does!

### **Some books to share with your child/ward at the beginning of the year are:**

- Ned by Celina Young. Published by Walker Books
- What Will Mommy Do While I'm at School by Dolores Johnson. Published by Macmillan/McGraw/Hill
- Will I Have a Friend? by Miriam Cohen. Published by Macmillan/McGraw/Hill
- My Teacher by James Ransom
- The Kissing Hand by Andrew Penn
- First Day of School Series
- Not A Box by Antoinette Portis

## SCHOOL RULES, REGULATIONS AND DISCIPLINE

School rules are intended to ensure the safety and welfare of pupils and the smooth functioning of the school community; however, the following is not an exhaustive listing of all the situations and circumstances that may arise which would then be handled on individual basis. Some measures to be taken are counseling, assigned tasks, community service, removal from classes, detention, suspension, and expulsion.

### ACADEMIC RULES AND REGULATIONS

**“Please Refer to updated Schedule and Online Distance Learning correlating with Covid 19 Precaution Measures”**

#### **Arrival at School/Departure from School**

Children are expected to arrive shortly before classes begin at 7:50 a.m. and to be picked up from school no later than their designated departure times. In compliance with the school’s insurance conditions, we are unable to have pre-school students on school grounds before 7:30 a.m. or after 3:00 p.m., unless otherwise stated.

#### **School Hours**

School hours for the whole school:

- Monday, Tuesday, Thursday and Friday                      7:50 a.m. - 3:00 p.m.
- Wednesday    7:50 a.m. - 2:10 p.m.

#### **Progress Report**

Written progress reports are given to parents/guardians three times per year.

#### **Homework**

Your child/ward may bring simple homework from school which might include a drawing, a project, reading or writing. Please show your appreciation and find time to help your child/ward. Homework will give you a clear idea of what is being taught in class.

### NON-ACADEMIC RULES AND REGULATIONS

#### **School Uniform**

**“No School uniform regarding this exceptional school year”**

All students are required to wear their school uniform which is purchased and distributed at the school on specific school days.

#### **Clothing**

Preschool students are required to wear comfortable shoes suitable for outdoor play.

Parents/Guardians of preschoolers are asked to provide a complete set of clothing for their children/wards in case of accidents. All items must be labeled with the child’s/ward’s name and class.

## Health

### **“Please refer to Nurse Office Precaution Measures”**

This policy is in place to minimize communicable infections at the school. In order to keep your child/ward as healthy as possible, we ask you to ensure that these policies are closely followed:

- A record of all immunization must be on file and reported to the office whenever changes are made.
- A child/ward will be observed upon arrival and will not be permitted to stay if any symptoms of illness are shown. That includes fever, eye infections like red eye, nausea, diarrhea, head lice, skin problems, or any communicable disease, such as chicken pox, measles, etc...
- A doctor’s note will be needed after five consecutive days of absence or upon return from an infective ailment.
- If a child/ward becomes ill at school, he/she is attended to by our school nurse who will contact the parent(s)/guardian in case the child/ward needs to be picked up, for his own wellbeing.

#### **Personal Hygiene**

- The student is expected to wear clean and appropriate uniform for school and during outings and PE periods.
- The student’s fingernails need to be cleanly cut and without any nail polish.
- The student’s hair should be well groomed and pulled away from the face.

#### **Medication**

We recommend that medication not be administered at school. However, if any medication must be administered, the following regulations apply:

- All medications (whether prescription, over – the- counter, or herbal remedies) must be in the original container and clearly labeled with your child’s name and dosage.
- Prescription and time period between dosages.
- Medication must be turned over to teacher/ nurse at arrival time for safekeeping.
- **Staff cannot administer any medication, including Tylenol/Panadol and cough syrup, without a parent or guardian’s written consent. Verbal consent is not sufficient.**

Medication can be administered by the school nurse if it is prescribed by a doctor with a signed note by the parent(s)/guardian stating explicit instructions for dosage and time. If the doctor recommends an over-the-counter medication, a signed note from the parent(s)/guardian must accompany the medication. If the medication is liquid, please place the bottle in a plastic bag and label it with your child’s/ward's name, the required administration times, and the exact dosage of the medication

#### **School Items**

Please mark your child’s name on all items that he or she may bring to school, including shoes, coat, hat, mittens, snack box, ties, sweaters, and pants. This is the very best way to ensure that lost items find their way back home.

#### **Recess**

All children participate in supervised outdoor playtime, LWIS- CiS kindergarten playground is located at the south end of the school building, but kindergarten students also make use of the adjoining field, and the outdoor classroom. Young learners go outside for recess in all but the most extreme weather conditions.

#### **Accidents**

In the event of a minor accident at school, children are treated for cuts and scratches by the school nurse. If a more serious accident occurs, parent(s)/guardian are notified immediately and emergency care is sought by the school at once. An accident report must be filled in and a copy of the report will be sent to the parent(s)/guardian.

### **Insurance**

The school has an insurance policy that covers accidents occurring on school grounds, during field trips, and within the school time frame only.

### **Late Arrival**

If a child/ward is late to school, parent(s)/guardian are requested to take him/her to the preschool office where he/she will be escorted to his/her class by the school personnel.

### **Absence**

Please call the school if your child is going to be absent for any reason. If your child will have a planned absence (such as a dentist appointment or a family vacation), please inform your child's teacher in person, or if you are taking your child out of the school during the day, please sign your child out at the office. Medical Reports should be submitted after 3 days absence.

Consistent school attendance has a significant positive effect on children's progress, confidence, and comfort in the classroom environment. Please help us by making school attendance a priority for your family. The most important thing you can do to support your child's learning is to ensure they arrive at school on time each day, after a good night's sleep and a good breakfast.

### **Students' Pick-ups**

**No child will be permitted to leave school with a person NOT authorized by a parent/guardian to pick up the child. It is the parent's/guardian's responsibility to inform the school of any changes in the names of authorized persons. Photo identification/official identification and notification will be requested by the school before the child is released.**

### **Visitors**

All visitors are welcome to the school, provided they have made prior arrangements to do so. Visitors/Parents/Guardians must check in at the security office immediately and wear visitor's pass.

### **Lost and Found**

The school cannot be responsible for misplaced, stolen, or lost items and clothing although maximum efforts are put to prevent any losses. Any item found and not claimed is deposited in our Lost and Found box, and it will be disposed of charitably at the end of each school year.

### **Jewelry/Toys**

For the safety of your children/wards, wearing jewelry is not allowed and the same is applied to bringing toys or items of value from home, unless otherwise agreed upon. Guns, war toys, sharp toys, or other toys of violence and destruction are strictly prohibited.

Children are not allowed to bring money to school unless requested by the school. In that case, money must be put in an envelope and placed in the child's agenda.

### **Disciplinary Rules and Procedures**

#### Definition

We believe that children have the right to positive guidance by supportive adults who provide opportunities that optimize growth and development within a safe and healthy environment.

Our Behavior Management Policy is a written procedure for monitoring the behavior management practices of employees and volunteers who provide care and/or guidance at the school.

The above policy is implemented through the following:

- Preventive measures
- Conflict resolution
- Restraints, Holding/Removal

### Changes

Children are very sensitive to changes in their routines. It is very helpful for teachers to know about any of the following:

- A new nanny, or change to childcare arrangements
- A parent who is out of town/ newborn baby
- A planned extended absence from school
- Any notable changes to your child’s or family’s routine

For your Childs’ safety, it is **mandatory** that teachers be informed of any of the following:

- How to reach you during the school day
- Please notify school of any updated contact numbers
- If someone different is dropping off or picking up your child
- If your child is going to someone else’s home after school
- If there are changes to your child’s medical file (i.e. allergies)
- If there are changes to your child’s personal file (i.e. change of address or phone number)

### Illness

Please help everyone to stay healthy by keeping your child at home if he or she is not well. If you are unsure about whether your child is well enough to be at school, please on the side of caution and keep them at home for the day. In addition to the risk of contagion, have trouble concentrating on school activities, and struggle to participate appropriately in classroom routines. **if your child requires medication (including Advil or Tylenol ) to manage symptoms or keep a fever down, they are not well enough to be in the classroom.**

On a related note, if your child becomes ill at school, we will move him or her to a supervised isolated area (the nurse’s room) and you will be contacted.

Please notify the school in the event that your child contracts a communicable disease.

### Positive Guidance

<b>Do’s</b>	<b>Don’ts</b>
<ul style="list-style-type: none"><li>• Praise, reward and encourage the child. Show love respect and dignity.</li></ul>	<ul style="list-style-type: none"><li>• Spank, shake, pinch, push, pull, slap or otherwise physically punish the child.</li></ul>
<ul style="list-style-type: none"><li>• Reason with and set limits for the child.</li></ul>	<ul style="list-style-type: none"><li>• Make fun of, threaten, make sarcastic remarks about, use profanity with, or otherwise verbally abuse the child.</li></ul>
<ul style="list-style-type: none"><li>• Model appropriate behavior for the child.</li></ul>	<ul style="list-style-type: none"><li>• Shame or punish the child when bathroom accidents occur.</li></ul>
<ul style="list-style-type: none"><li>• Modify the classroom environment in an attempt to prevent problems before they occur.</li></ul>	<ul style="list-style-type: none"><li>• Deny food or rest as punishment.</li></ul>
<ul style="list-style-type: none"><li>• Listen to the child.</li></ul>	<ul style="list-style-type: none"><li>• Relate discipline to eating, resting, or sleeping.</li></ul>
<ul style="list-style-type: none"><li>• Provide the child with alternatives for inappropriate behavior.</li></ul>	<ul style="list-style-type: none"><li>• Leave the child alone, unattended, or without supervision.</li></ul>
<ul style="list-style-type: none"><li>• Provide the child with natural and logical consequences for his/her behavior.</li></ul>	<ul style="list-style-type: none"><li>• Allow discipline of child by child.</li></ul>
<ul style="list-style-type: none"><li>• Respect the child’s needs, desires, and feelings.</li></ul>	<ul style="list-style-type: none"><li>• Criticize, make fun of, or otherwise belittle the child.</li></ul>

## STUDENT ACTIVITIES AND OTHER SERVICES

**All Students activities will be on hold regarding Covid 19 situation. School Community and Parents will kindly abide by the Covid 19 Precaution Measures and current Regulations stated at the end of the packet.**

### **Food or Meals**

The school offers every preschooler a nutritious breakfast which is included in the school fees.

The cafeteria offers daily hot meals for lunch as mentioned on the monthly menu. Please check with our school accountant after receiving the monthly menu.

Junk food, such as chips, candy, gum, fizzy drinks, etc.... will be confiscated and returned to parent(s)/guardian.

### **Parent/Teacher Conference**

Parent/Teacher conferences are scheduled three times per year. Parent(s)/guardian who wish to discuss their child's/ward's program or any other concern are asked to make arrangements for a conference with the program coordinator/homeroom teacher.

### **Academic Open House**

Each fall, teachers invite parents/guardians to attend an academic open house. This event provides an opportunity for teachers to provide an overview of their program and answer general questions about the curriculum.

### **Parent Volunteer's Activities**

LWIS-CiS seeks parents'/guardians' involvement in enriching students' learning experience. The more parents/guardians participate, the more the preschool becomes a better place for our learners to be. Parents/guardians are encouraged to be as active as possible in all events and activities, from bake sales to celebrations and ceremonies, to class participation throughout our Parent Involvement Program PIP.

### **Quiet Time**

KG1 students have daily rest time during which they are encouraged to enjoy quietly soft music or story time.

### **Outdoor Play**

Outdoor play is an important part of the child's daily well being. Parents/guardians must remember to dress the children/wards appropriately, keeping in mind weather conditions.

### **Field Trips**

Out of the school walls experiences where young learners will connect with the outdoors, interact with the world around them, learn to investigate, inquire and appreciate Mother Nature, different cultures and the environment.

## SCHOOL POLICIES COVERING TRANSPORTATION

**N.B. A parent/guardian can only ask permission for his/her child/ward and not for another even if authorized to do so by the others' parent/guardian .**

### **Transportation**

#### **1. Prearrangement or Unexpected Emergency**

In case your child/ward is not leaving by bus on a certain day because of a pre-arrangement or unexpected emergency, and in order not to delay the departure of the school bus, you are kindly requested to send a written note to the head of section informing him/her accordingly and providing the name of person picking up the student plus his telephone number. The note should be sent on the morning of the same day the latest. Any note during the day will not be accepted.

N.B. A parent/guardian can only ask permission for his/her child/ward and not for another even if authorized to do so by the others' parent/guardian .

#### **2. Different pick up or drop off address (temporary)**

In case you wish your child/ward to be picked up from, or dropped off at, a different address than the regular address, you are kindly requested to send a note to the head of section with the following details to enable the school to provide your child/ward with safe transportation: reason for change of address, clear address directions, name and phone number of contact at the address, name of the adult at drop off (in case of younger students).

If the reason is considered valid, the change does not affect the bus schedule, the address is within the bus's coverage area, and there are available places, then the head of section will approve the change and inform you accordingly. If any of the above conditions is not met, the request will be declined and the head of section will inform you accordingly.

#### **3. Change in address (permanent)**

In case of permanent change in address, you are kindly requested to send the full address to the school administration ahead of time to enable the school to provide your child/ward with safe transportation. If the address is within the bus's coverage area and there are available places, the school will approve the change and inform you accordingly. If any of the above conditions is not met, the request will be declined and the school will inform you accordingly.

- The school makes available buses to all parts of Beirut and its suburbs as requested by parent(s)/guardian.
- Parents/guardians have the options of either enrolling their child/ward on a school bus for which a fee is required, drop off and pick up their child/ward themselves, or allow their child/ward to transport themselves to and from school. The school does not provide any parking space.
- Students enrolled on the school bus will be informed of pick-up time, as buses cannot wait. Any student who is late for pick-up will be left behind and the parent(s)/guardian will be expected to provide transportation.
- Likewise, parent(s)/guardian will be called to pick up his/her child/ward after school in case the student was late to board the bus for departure from school.
- A bus assistant is assigned to accompany students to and from school.
- Parent(s)/guardian are urged to have an adult waiting to receive their child/ward on time.
- Parents/guardians can request from the school permission for their child/ward to use other means of transportation on certain days, at their responsibility.
- Permission for students using a bus other than the designated one will only be granted depending on the situation and availability of space on the bus. Request must be made by parent(s)/guardian beforehand.
- Students enrolled on the school bus have to abide by the Code of Conduct for the use of a school bus.

## **Code of conduct on the school buses**

Every student is expected to:

- Be seated with the seat belt on throughout the trip, to and from school
- Communicate with others on the bus in normal tone and pitch
- Keep safe and avoid putting any part of his/her body out of the window
- Avoid communication with anyone outside the school bus
- Show a high degree of civil behavior towards others on the bus and outside the bus
- Avoid communication with the bus driver
- Avoid eating/drinking on the school bus
- Keep the bus clean; not throw any litter out of the window

In the event a parent/guardian wishes to change his/her child's/ward's daily bus routine for any reason (e.g. board a different bus, accompany a friend home, etc...), the parent/guardian has to notify the school in writing 24 hours prior to the routine change.

## **Birthdays**

Since birthdays are important to children, the school celebrates each child's birthday and encourages him/her to share and celebrate it with his/her friends. Parents/guardians may only bring a simple cake and juice, but they need to book the date with the teacher beforehand.

## **Field Trips**

Field trips are planned throughout the year and are related to ongoing educational topics. Parents/guardians will receive all the necessary information about each scheduled trip with a permission slip to sign.

## **Holidays**

The school has a set calendar that takes into consideration national holidays. This calendar is distributed during the first week of school and posted all year round on the school website, the parent bulletin board in the main office, and on the preschool information board.

## **Parent/Teacher Communication**

- Agendas: Please check your child's/ward's agenda every day for messages.
- Website: Please check the school's website ([www.cisdowntown.edu.lb](http://www.cisdowntown.edu.lb)) for the monthly gazette, photos, important events and announcements.
- Phone Calls: Teachers will call parents/guardians for any concerns and/or clarifications needed. Parents/Guardians may contact teachers through the school office during school hours.
- iCare application to be downloaded

**Be supportive of your child's efforts at all times. Show him how proud you are. Enhance his Inquiry Base Learning.**

**Your child's success will be affected by your own attitude.  
Thank you for all your Care and Cooperation following up any  
extra ordinary changes.**

**Together We Stand  
TOGETHER WE ACHIEVE**
